

2017 - 2021 STRATEGIC PLAN

GOAL

Reduce alcohol related harm through a primary prevention approach

OUR PRIORITIES	INTENT
<p>Leaders who champion change</p>	<p>Regional leaders will embody a prevention approach to reducing harm from alcohol. They will understand their span of influence and act as advocates.</p> <p>We will support and develop leaders in their role.</p>
<p>Preventative planning frameworks and legislation</p>	<p>The health and wellbeing impacts of liquor licensing will be included in the MSS of each Eastern Region Local Government, and the State Government Planning Act.</p> <p>We will advocate with like-minded agencies to enable this.</p>
<p>An informed and mobilised community</p>	<p>Our community will be empowered activists, working to prevent alcohol related harm in their community.</p> <p>We will engage with our community to create leaders and champions, and support their efforts.</p>
